LIGHTING

## Światowy design produkowany w Polsce.

Firma Kandela powstała w 1990 roku i jest rodzinnym przedsiębiorstwem zajmującym się produkcją oświetlenia. Z czasem, rozwijając działalność, zaczęliśmy specjalizować się w projektowaniu i produkcji oświetlenia dla obiektów użyteczności publicznej takich jak hotele, pensjonaty, restauracje, sale konferencyjne.

Jesteśmy specjalistami w ręcznej obróbce materiałów – nasi fachowcy dbają o to, aby każdy element lamp Kandela Lighting był dopracowany w najmniejszym szczególe.

Paweł Stachowski  
GŁÓWNY PROJEKTANT, WŁAŚCICIEL

### Autorskie projekty lamp.

Projektujemy lampy z szacunkiem do historii wzornictwa, lecz jest nam nieobojętne także nowoczesne podejście do oświetlenia. Nasi projektanci śledzą trendy oraz uczestniczą w międzynarodowych targach, aby dostarczyć dla Państwa najwyższej jakości produkt.

### Światowy design i polska produkcja.

Jesteśmy dumni z tego, że produkcja wciąż odbywa się w Polsce, w siedzibie firmy, oraz we współpracy z naszymi zaufanymi, wieloletnimi partnerami. Nasza oferta to ponad 180 produktów najwyższej jakości.

### Siła materiału.

Wszystkie lampy wykonane są z najwyższej jakości materiałów: stali szlachetnej, szkła, masywnego drewna w wielu wybarwieniach

## Rozwijamy się dla Was

Dbamy, aby lampy Kandela Lighting stanowiły integralną część wystroju obiektów hotelowych, restauracji biur oraz przestrzeni firmowych.

Wieloletnia współpraca z inwestorami przy projektowaniu i produkcji oświetlenia dla obiektów użyteczności publicznej sprawiła że staliśmy się specjalistami w tej dziedzinie.

Cenimy nasze relacje z partnerami biznesowymi i zawsze staramy się wyjść naprzeciw ich wymaganiom, poprzez rzetelne podejście oraz otwartość na nowe pomysły.

### ELASTYCZNA OFERTA

Dostosowujemy ofertę pod konkretny projekt, dbając o efekt końcowy oraz budżet klienta.
